

Morning Drop off Procedures

- 1.) All children are to be dropped off at the main traffic circle at the front of the school in the morning, no earlier than 8:15am. Parents and Guardians must have a mask on and may not exit the vehicle.
- 2.) Children, one at a time, will have health reviewed by an aide (see attached checklist)
- 3.) All keiki must arrive in a mask and the Guardian may not leave until the learner is determined to be in good health.

Please Note:

Do not exit your car unless an appointment has been made with either a Facilitator, Director or member of the Admin team. It is crucial that our learners are not tardy as office use will be limited. The late sign in book will be located outside of the office doors in the hallway for you to sign your child in/out. For early pick ups please call ahead and let a staff member know so we can plan accordingly. 808.635.5110

The playground will be closed in the Morning. Please discuss with your keiki
